EDUCATION

Bachelor of Computer Engineering — July 2023 – Present
Pimpri Chinchwad College of Engineering and Research, Pune — *CGPA: 8.4*

Higher Secondary School — May 2022 – March 2023
Jai Hind Junior College, Pune — *Score: 77.80%*

Secondary School (CBSE) — May 2020 – March 2021
Podar International School, Pune — *Score: 94.20%*

EXPERIENCE

Web Development Internship | *RD Infro Technology* — Jan 2026 – Feb 2026

- Developed a responsive internship landing page using HTML, CSS and ReactJS.
- Worked on MySQL integration for managing data.
- Implemented form handling, UI/UX improvements and version control using GitHub.

Team Lead | *RoboHawk* — Aug 2025 – Present

- Leading end-to-end planning and execution of a national level robotics event, managing timelines, resources and cross-functional teams.
- Demonstrated strong leadership qualities for a team of 50+ members and stakeholder coordination by aligning team efforts, resolving issues and ensuring smooth delivery under deadlines.
- Developed communication, decision-making and problem-solving skills through active management of people, processes and priorities.

Full Time Internship | *KinnyRabbit* — Oct 2024 – Dec 2024

- Assisted Kinnyrabbit in planning and executing projects, conduct market research, create content for social media and manage our online presence to boost engagement.
- Supported client and partner outreach, analyze marketing data and provide administrative assistance to keep our projects organized and on track.

CERTIFICATIONS

- **Database Programming with SQL** | *Oracle* — Nov 2025
- **OCI AI Foundations** | *Oracle* — Oct 2025
- **Introduction to Mongo DB** | *Mongo DB University* — June 2025
- **Data Analytics and Visualization** | *Deloitte Australia* — June 2025
- **IOT Training (Traffic Light System and Smart Doorbell)** | *Infosys* — Aug 2024
- **Front-End Development** | *Great Learning* — June 2024
- **Cloud Computing Job Simulation** | *Verizon x Forage* — June 2024

PROJECTS

CodeChaos — Gamified DSA Learning Platform | *AngularJS, Django, MySQL, Docker*

- Designed a gamified DSA learning platform with real-time visualization and progress analytics to improve learning interactivity and retention.
- Built the frontend with Angular modular components and implemented a scalable backend (Django) with database support and a Docker-based execution engine.

Right-Click Smart Actions Extension | *Chrome Extensions, JavaScript, DOM APIs, Clipboard API*

- Built a productivity-focused Chrome extension enabling users to copy blocked text, translate selections, and trigger instant searches via the right-click context menu.
- Implemented contextMenus and scripting APIs to bypass restricted content and integrate clipboard + DOM manipulation for seamless text handling across webpages.

RoboRashtra Parallax Website | *HTML, CSS, JavaScript*

- Developed a responsive parallax website from scratch using core HTML and CSS, showcasing clean layout design and foundational front-end engineering skills.
- Added a JavaScript-based countdown timer and interactive navigation linking to social media and Unstop registrations, improving user engagement and usability.

TECHNICAL SKILLS

Programming Languages - *C++, Java, Python*
Web Technologies – *HTML, CSS, JavaScript, ReactJS, TailwindCSS, GSAP, AngularJS, Express.js, Node.js*
Tools & Platforms - *Git, GitHub, Vercel, Netlify, Tableau, PowerBI, Microsoft 365, Google Gemini, ChatGPT, Microsoft Copilot*
Databases - *MongoDB, MySQL, Oracle*
Design & Prototyping - *Figma, Canva*

ACHIEVEMENTS

NPTEL Enhancing Soft Skills and Personality – Elite Achievement | *IIT Kanpur*
Poster Presentation – 1st Place | *FESA PCCOE&R*
Kathak Certification - Madhyama Poorna (5th Level) | *ABGVM*
Organized Self – Defense Workshop for Women | *PCCOE&R*
International General Knowledge Olympiad – Second (2nd) Rank | *SOF*
